

## COMMUNITY DEVELOPMENT ADVISORY BOARD

The City of Dothan is now accepting applications for the Community Development Advisory Board. This Board will make funding recommendations to the City Commission on matters pertaining to Community Development Block Grant (CDBG) projects. The City would like for this Board to be comprised of citizens from diverse backgrounds and educational experiences.

The Board will generally meet once a month. However, there will be several additional monthly meetings during the funding cycle to recommend CDBG projects. Although the City is seeking applicants with diverse educational experiences and backgrounds, a special interest in the needs of low-income persons is of paramount importance.

For additional information or questions, please contact Maurice Head, Community Development Block Grant Administrator for the City of Dothan at 615-4417.
