I hereby acknowledge that I have read this application and state that the above information is true and correct. I agree to comply with all adopted building codes, zoning ordinances and other laws regulating building construction.

I certify that I have located by actual excavation the City sewer that will serve the building for which this permit is issued and I certify that the building floor elevation is of sufficient height to provide minimum slope requirements from the building to the public sewer.

I further certify that I have inspected the sewer lateral and the connection to the main sewer line and have confirmed (or have received written confirmation from Dothan Utilities) that the sewer lateral is clear, sloped correctly and acceptable for the intended sewer connection.

As a permittee I hereby agree to protect all public improvements and public utilities adjacent to or serving the property on which the permitted building is located whether or not the said improvements or utilities are property of the City Of Dothan. I further agree to be financially responsible for any repairs for damage to said public improvements caused as a direct or indirect result of construction permitted hereby.
