To the Citizens of Dothan!

Understanding today’s governmental financial statements can prove to be difficult. In an effort to provide our citizens with an easy to read financial report of the City of Dothan’s finances, we are pleased to present the Popular Annual Financial Report (PAFR) for fiscal year ending September 30, 2010. This report represents Dothan’s ongoing commitment to increase our level of operational productivity and accountability. As we strive to keep citizens informed about the City’s financial position, we understand the importance of being accountable for the receipt and expenditure of public funds.

Through easier, more user friendly financial reporting, the PAFR is another example of our commitment to improve communication with our citizens and increase public confidence in the governing body for the City of Dothan. I want to congratulate Angela Palmer, Director of Finance, and our financial reporting staff for their work in providing citizens with an understandable general overview of the City’s finances.

On behalf of the Dothan City Commission and the City Manager, I thank you for taking a moment to read our financial report. We are proud to serve the citizens of Dothan and we thank you for your support as we seek to further enhance the level of financial accountability to our taxpayers. Questions, comments and feedback on this report are welcomed and encouraged, so please feel free to contact me at (334) 615-3111.

Sincerely,

Mike Schmitz, Mayor
ABOUT THIS FINANCIAL REPORT
As part of our continuous effort to keep you informed of how your tax dollars are being spent, we are pleased to present the 2010 Popular Annual Financial Report (PAFR). The PAFR is a summary of the financial activities of the City’s governmental funds and was drawn from information found in the Comprehensive Annual Financial Report (CAFR). The CAFR was prepared in conformance with generally accepted accounting principles (GAAP) and includes financial statements audited by McClintock, Nelson & Associates, P.C.

Unlike the CAFR, the PAFR is unaudited and presented on a non-GAAP basis. The GAAP basis presentation in the CAFR includes the City’s component units and the presentation of individual funds, as well as, full disclosure of all material events, financial and non-financial, in the notes to the financial statements. Dothan’s CAFR can be viewed by the public at City Hall, at the Public Library and online at http://www3.dothan.org/docs/CAFR2010.pdf.

AWARDS
The City received the following awards (valid for one year only) from the Government Finance Officers Association (GFOA):

- Award for Outstanding Achievement in Popular Annual Financial Reporting for the PAFR for the year ended September 30, 2009 (six consecutive years).

FINANCIAL HIGHLIGHTS
- The City’s combined net assets (difference between assets and liabilities in proprietary, fiduciary & government-wide statements) at September 30, 2010 totaled $176,507,410 as follows: $148,366,842 in capital assets net of debt and $28,140,568 unrestricted.

- Total revenues for all governmental funds were $81,054,888 and total spending was $90,479,919. The fund balance for these funds was $33,079,115 in FY 2010 and $37,711,349 in FY 2009.

- Total revenues for business-type activities (Utility and E-911) at the end of FY 2010 were $110,700,345 and total spending was $96,324,854. Total net assets were $88,356,538 as compared to $78,773,844 in FY 2009.

- The City of Dothan adopts a biennial operating budget for its general, debt service, capital projects, school and utility funds. In addition, a capital or supplemental budget is adopted no later than April 15th of each year.

GENERAL FINANCIAL INFORMATION
Most City services and projects are accounted for in a general category referred to as Governmental Funds. These concise descriptions should provide you with a better understanding of the accounts.

GOVERNMENTAL FUNDS
- General Fund - Accounts for revenues and expenditures associated with the general operations of the City that are not required to be accounted for in separate funds.
- Special Revenue Funds - Account for proceeds of specific revenue sources that are legally restricted for specific purposes (e.g. street paving and schools).
- Debt Service Funds - Account for the payment of principal, interest and related costs on general long-term debt.
- Capital Projects Funds - Account for the financial resources used for the construction and/or acquisition of major capital facilities.

PROPRIETARY FUNDS
Proprietary Funds account for activities the City operates similar to private businesses. The City of Dothan has two proprietary funds: the Utility Fund (Electric, Water and Sewer) and the E-911 Fund.

FIDUCIARY FUNDS
Fiduciary Funds convey information about financial relationships in which the City acts solely as a trustee for the benefit of others.

The PAFR focuses on the City’s two largest funds, (General and Utility) which are of most interest to citizens.

GOVERNMENTAL FUNDS’ FINANCIAL ACTIVITIES
At September 30, 2010 the City’s governmental funds reflected a combined fund balance of $33,079,115, a $4,632,234 decrease from the previous year at $37,711,349. These financial activities comprise the major changes in governmental fund balances:

GOVERNMENTAL REVENUES
Total revenues for the governmental funds ($81,915,066) showed an increase of .73% or $595,364 over the prior year ($81,319,702). This was mostly due to a small increase in franchise tax revenues received.

- Property taxes in 2010 totaling $4,309,765 increased by $25,783 (.60%) from 2009 at $4,283,982.

- Grant revenues and contributions totaled $6,472,995 compared to fiscal year 2009 at $6,431,024 reflecting a $41,971 (.65%) increase. Dothan strives to maintain an aggressive grant application strategy.

- In fiscal year 2010, sales tax collections totaled $55,274,479 which was $484,066 (.87%) under fiscal year 2009’s amount of $55,758,545. Dothan’s metro area services an estimated 525,000 people within a 50 mile radius. The City serves as a hub for dining, shopping, recreation, industry and medical provider for surrounding towns and rural areas.

**LONG-TERM DEBT**

As of the fiscal year end, the City had $88,053,884 in long-term debt outstanding compared to $92,490,501 in 2009 ($4,436,617 decrease or 4.8%). This decrease is comprised of $16,509 in capital leases, $9,300,108 in principal payments and the addition of two general obligation warrants repaid through Alabama Department of Environmental Management revolving loans at 3.5% as follows: $2,770,000 (Treatment plant interceptors) and $2,110,000 (West side water tank & connecting main).

**FUND BALANCE**

Fund balance is the excess of what is owned (assets) over what is owed (debt or liabilities). The City Manager set a goal for maintaining the unreserved fund balance in the General Fund at not less than 8% of the budgeted expenditures. The City has consistently exceeded this goal. The General Fund reported a fund balance at September 30, 2010 of $30,814,809, a decrease of $1,575,038 (4.86%) in comparison with the prior year which totaled $32,389,847 (Governmental Funds’ combined ending fund balances were $33,079,115 compared to 2009 at $37,711,349). The decrease in fund balance was directly related to the expending of funds in the capital projects fund for road improvements. Approximately $22,665,227 of the fund balance is available for spending at the government’s discretion (referred to as unreserved fund balance). The City additionally maintains an 8% utility fund reserve to be utilized in the event of natural disaster or unexpected economic decline.

The chart below provides fund balance comparisons:
**GENERAL FUND EXPENDITURES**

General Fund expenditures totaling $76,355,538 decreased 2.71% from 2009 ($78,486,015). The downturn in the economy effected sales tax revenue accordingly. Vacated employee positions were cautiously filled on a case by case basis and expenditures were closely monitored. The city held back purchases of vehicles and equipment and kept building maintenance to bare minimum levels.

Increases or decreases for major functions are shown in the graph to the right.

**THE UTILITY FUND**

The City’s Utility Fund has experienced steady growth and the customer base has grown to approximately 36,159 electric, water and sewer customers. The largest utility revenue source comes from electric power sales. The gross profit on electric sales for FY 2010 totaled $19,592,115 compared to last year’s amount of $18,244,336. FY 2010’s net profit from electric sales totaled $9,836,288.

### Water and Sewer operations are reflected as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Electric Revenues</th>

**BOND RATING**

The City of Dothan maintains the following ratings for general obligation debt which reflects excellent financial security:

- Standard & Poor’s Rating Service ~ “AA-” (excellent financial security)
- Moody’s Investors Service ~ “Aa2”

**ECONOMIC GROWTH**

The City relies on taxes (sales, property, gasoline, franchise, etc.), fees (license, permits, etc.), and fines (public safety) for their governmental activities. In the business-type and certain governmental activities (electric, water, sewer, recreational programs, etc.) the user pays a related fee or charge associated with the service.

These revenue sources have a direct bearing on the City’s ability to (a) annex additional land into its corporate limits and (b) encourage development (office, retail, residential and industrial) to choose to be located in the jurisdiction. The City places significant emphasis on encouraging both annexation and economic development.

The City Commission set downtown revitalization as one of its major priorities and reconstituted the Dothan Downtown Redevelopment Authority (DDRA). The DDRA is already dealing with dilapidated structures on Main Street and cleaning up other areas of downtown.

In 2007, the City Commission addressed revenue needs by increasing sales tax which funded numerous issues that had gone unattended for many years (street resurfacing, fleet replacement, bridge and road projects, and additions to recreational facilities). Given today’s financial climate this has proven to be a wise decision. Without the additional tax the City would be forced to change operations. Many programs have been placed on hold pending a brighter economic condition. The Commission worked diligently to develop a mission statement, long range goals and action items to be addressed by the City.

This Strategic Plan was a positive step and provided a sense of unity, direction and vision for the City’s future.
