

COVID-19 (CARES Act) Funding Guidelines

The Coronavirus Aid, Relief and Economic Security Act (CARES Act) (Public Law 116-136) makes available supplemental Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA) funding for grants to prevent, prepare for, and respond to the coronavirus pandemic. Additionally, the CARES Act provides grantees with flexibilities that make it easier to use CARES Act and fiscal years 2019 and 2020 funds for coronavirus response and authorizes HUD to grant waivers and alternative requirements.

The Federal Register Notice (the Notice) was published in the Federal Register with the Docket Number FR-6218-N-01 on August 20, 2020 and can be viewed at www.govinfo.gov/content/pkg/FR-2020-08-20/pdf/2020-18242.pdf. The Notice was effective August 7, 2020, when it was signed. The FR Notice puts all the CDBG-CV waivers and alternative requirements in one place so grantees and stakeholders can more easily find, use, and understand them.

CDBG-CV grants are subject to the CARES Act, the authorities and conditions imposed on fiscal year 2020 CDBG grants, the Notice, and the statutory and regulatory provisions governing the CDBG program. The CDBG regulations, at 24 CFR part 570, implement Title I of the Housing and Community Development Act of 1974, as amended. The CARES Act modifies some CDBG program rules and authorizes the Secretary of HUD to grant waivers and alternative requirements. Accordingly, the Notice describes how certain requirements of the CDBG program are modified for CDBG-CV grants, fiscal year 2020 CDBG grants under the Department of Housing and Urban Development Appropriations Act, 2020 (Public Law 116-94), and fiscal year 2019 CDBG Grants under the Department of Housing and Urban Development Appropriations Act, 2019 (Public Law 11-6). Unless the Notice states otherwise, the CARES Act statutory flexibilities, waivers, and alternative requirements do not apply to other sources of CDBG funds.

The CARES Act, enacted March 27, 2020, appropriated \$5 billion in CDBG-CV funds to allocated to about 1,250 States, local governments and insular areas. HUD anticipates that grantees will fund tens of thousands of activities **to prevent, prepare for, and respond to coronavirus** with this funding. To address these challenges, CDBG-CV and CDBG grants are a flexible source of funding that can be used to pay costs that are not covered by other sources of assistance, particularly to benefit persons of low and moderate income.

The City of Dothan anticipates receiving \$348,942 from HUD for eligible activities in “Round 3” allocation. Of the total funds received, 70% must be spent on activities that benefit low- to moderate-income persons. For this grant program, HUD has removed the 15% public services cap.

Funding Categories

Public Services and Public Facilities: Generally, an amount equal to 15% of the CDBG-CV3 allocation will be made available through Subaward Agreements to nonprofit organizations for a variety of public service activities designed to address unmet needs (e.g., meals on wheels programs, employment training, assistance to food banks, health services, etc.). The provision of public facility activities, which directly prevent, prepare for, and respond to the coronavirus pandemic will be reviewed separately.

Food Assistance: Given the extraordinary need due to the coronavirus pandemic, CDBG-CV funds will be made available through Subaward Agreements to assist anti-hunger organizations to meet their mission (e.g., food banks/pantries, school districts, senior centers, after school programs, etc.).

CDBG-CV: Rental Assistance: CDBG-CV funds may be made available through Subaward Agreements for short-term rent (90 days) assistance programs to eligible individuals and families who are experiencing housing instability, as well as landlords who are experiencing a loss of revenues due to the economic impact of the COVID-19 pandemic and the temporary halt by the CDC on residential evictions to help prevent further spread of the virus. Eligibility and Restrictions on funds will be more thoroughly detailed in the Subaward Agreement.

These application guidelines are for all CDBG-CV competitive applications. Any eligible applicant must follow the instructions and information within this application package in order to apply for CDBG-CV resources. Funding determinations for CDBG-CV funds will occur as part of the competitive allocations process. However, if the application is incomplete, additional information may be requested prior to the approval of the application.

Examples of Eligible Activities

The following activities are eligible within the CDBG-CV program. If any activity is not noted within the list below, please consult with the CDBG Program Administrator in order to determine if the proposed activity is eligible for the program.

Buildings and Improvements, Including Public Facilities

- Acquisition, construction, reconstruction, or installation of public works, facilities, and site or other improvements;
 - Construct a testing and diagnosis, or treatment facility;
 - Rehabilitate a community facility to establish an infectious disease treatment clinic;
 - Acquire and rehabilitate, or construct, a group living facility that may be used to centralize patients undergoing treatment.
- Rehabilitation of buildings and improvements (including interim assistance)

- Rehabilitate a commercial building or closed school building to establish an infectious disease treatment clinic, e.g., by replacing the HVAC system.
- Acquire, and quickly rehabilitate (if necessary) a motel or hotel building to expand capacity of hospitals to accommodate isolation of patients during recovery.
- Make interim improvements to private properties to enable an individual patient to remain quarantined on a temporary basis.

Provision of new or quantifiably increased public services.

- Carry out job training to expand the pool of health care workers and technicians that are available to treat disease within a community.
- Provide testing, diagnosis or other services at a fixed or mobile location.
- Increase the capacity and availability of targeted health services for infectious disease response within existing health facilities.
- Provide equipment, supplies, and materials necessary to carry-out a public service.
- Deliver meals on wheels to quarantined individuals or individuals that need to maintain social distancing due to medical vulnerabilities.

To utilize CDBG funds for a public service, the service must be either:

- A new service; or,
- A quantifiable increase in the level of an existing service in the 12 months preceding the submission of the state’s Consolidated Plan Annual Action Plan to HUD.

An exception to this requirement may be made if the Grantor determines that any decrease in the level of a service was the result of events not within the control of the local government.

CDBG funds may be used to pay for labor, supplies, and material as well as to operate and/or maintain the portion of a facility in which the public service is located. This includes the lease of a facility, equipment, and other property needed for the public service.

Other Uses/Examples:

- Provide personal protective equipment (PPE) to first responders.
- Broadband equipment or other technology necessary for in-person or remote learning or to help meet need of schoolchildren or other residents working or learning from home.
- Equip technology and community colleges to increase capacity for job retraining for those unemployed as a result of COVID-19.
- Rehabilitation or expansion of homeless shelters to increase the ability to quarantine possibly infected/infected individuals.

- Rehabilitation or expansion of a facility to establish a food bank location.
- Rehabilitation or construction of community facility space to provide access to needs and services related to the impacts of COVID-19.

CDBG-CV funding is reserved for use in preventing, preparing for and/or responding to the outbreak of coronavirus. As with all CDBG program dollars, funding must also primarily address the unique needs of low- and moderate-income persons (i.e., less than 80% area median income), and 70% of the funds must be used to meet this National Objective, benefit to LMI persons. Other projects may qualify under Urgent Need.

Ineligible Activities

The following activities are ineligible. If any activity is not noted within the list below, and is not listed as an eligible activity, please contact the CDBG Program Administrator in order to determine if any other proposed activities are eligible for the program.

- Buildings used predominantly for the general conduct of government such as:
 - City and halls;
 - County administrative buildings
 - State Capitols,
 - Office buildings or other facilities in which the legislative or general administrative affairs of the government are conducted.
- General government expenses, except those costs that are directly attributable to administration of a local CDBG program;
- Facilities or equipment used for political purposes or to engage in other political activities;
- Purchase of equipment;
- Generally, any expense associated with repairing, operating, or maintaining public facilities, improvements and services.
- For income payments for housing including:
 - Payments for income maintenance;
 - Housing allowances;
 - Down payments;
 - Mortgage subsidies.

Application Due Dates

Applications are prepared at the applicant's expense and costs are not reimbursable. Applications are due by noon, Thursday, March 18, 2021.

Threshold Review Criteria

The following threshold requirements must be met to be eligible for Program resources. These requirements include:

- a. Activities proposed are eligible and comply with CDBG National Objectives and Dothan CDBG priorities. See the CDBG National Objective Section for more information.
- b. Applicant has provided a current audit of the organization;
- c. Applicant has no significant, unresolved audit findings;
- d. Applicant has no legal actions under way that may significantly impact its capacity;
- e. Applicant must have addressed and cleared all compliance problems (i.e. Davis Bacon, acquisition, fair housing, etc.) found during monitoring, if any, from past awarded projects, and have had a response accepted by AEDC; and,

CDBG National Objective: All CDBG-CV projects funded must meet a National Objective of the CDBG Program. This includes:

- Benefiting low-to-moderate income persons (LMI); (including on an area basis or serving a limited clientele);
- elimination of conditions of slum or blight, or,
- address an urgent need.

A project or project activity that fails to meet one of these specified national objectives is ineligible for CDBG resources.

Duplication of Benefits for CDBG-CV

In the administration of the CDBG-CV program, the following Duplication of Benefits (DOB) Policy will apply to assure beneficiaries do not receive DOB.¹ DOB refers to a situation where a beneficiary receives assistance from multiple sources (e.g., Treasury Coronavirus Relief Funds, FEMA, ESG or ESG-CV, HOPWA or HOPWA-CV, HOME, state housing assistance, non-profits, local organizations, private insurance, etc.), and the total assistance amount exceeds the need for a particular recovery purpose. This ensures that beneficiaries receive assistance to the extent that the recovery need has not been fully met. Receiving DOB could result in required repayment of duplicative funds and de-obligation of funding. DOB policies apply to any recipient of CDBG-CV funds, including individuals, property and business owners, non-profits, and local governments. A grantee may not make a blanket determination that a duplication of benefits does not exist for all beneficiaries or recipients under the CDBG-CV program or activity. As a result, all COVID-19 prevention, preparation, and response funds must be governed by policies and procedures to prevent duplication of benefits.

¹ In accordance with Section 312 of the Robert T. Stafford Act, as amended, 76 FR 71060 published November 16, 2011, 84 FR 28848 published June 20, 2019, and 84 FR 28836 published June 20, 2019.

Duplication of Benefits Policy

In accordance with the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136) (CARES Act), the U.S. Department of Housing and Urban Development (HUD) allocated Community Development Block Grant coronavirus response (CDBG-CV) funds to the City of Dothan to prevent, prepare for, and respond to coronavirus. Recipients of CDBG-CV funds must develop procedures to prevent any Duplication of Benefits (DOB) as required by section 312 of the Stafford Act, as amended by section 1210 of the Disaster Recovery Reform Act of 2018 (division D of Public Law 115–254; 42 U.S.C. 5121 et seq.).

The city will use a DOB Calculation Worksheet to evaluate applications for assistance. Each applicant must sign a CDBG-CV Duplication of Benefits Statement, Certification, and Subrogation Agreement form which documents other assistance received or anticipated and includes an agreement to repay any duplicative CDBG-CV benefit. To document compliance with DOB requirements, grantees must keep the CDBG Subaward Agreement, DOB Calculation Worksheet, CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form, and applicable supporting documentation regarding other assistance received or anticipated in each applicant file.

Applicability: This policy is applicable to all grantees responsible for the implementation of programs and projects funded with a CDBG-CV grant. For the purposes of this policy, an “applicant” may be a subrecipient or direct beneficiary.

Background: CDBG-CV grants are one of multiple Federal sources which assist coronavirus response. These sources of Federal assistance often can be used for the same purposes by grantees and direct beneficiaries. For this reason, the Stafford Act requires HUD and its grantees to coordinate with other Federal agencies that provide coronavirus response assistance to prevent the duplication of benefits. A duplication occurs when a person, household, business, or other entity receives coronavirus response assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need. The Stafford Act’s prohibition on DOB aims to ensure that federal assistance serves only to supplement insurance and other forms of coronavirus response assistance.

Procedures: Grantees must incorporate the following procedures into their policies and procedures for CDBG-CV assisted programs.

- A. Identify Applicant’s Total Need
 - a. Applicants indicate total need in the CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form².

- b. The grantee must verify that the applicant’s request is associated with an action to prevent, prepare for, or respond to coronavirus. The grantee must maintain applicable supporting documentation.
- c. All costs included in total need must be reasonable and necessary. The applicant must provide applicable supporting documentation.
- d. The assessment of total need must consider in-kind donations of materials or services that are known to the grantee at the time it calculates total need and makes the award. In-kind donations are non-cash contributions, such as donations of professional services, use of construction equipment, or contributions of building materials. In kind donations are not “financial assistance” that creates a DOB under the Stafford Act, but they do reduce the amount of CDBG–CV assistance for unmet need because the donated goods or services reduce activity costs.
- e. Grantees may not use CDBG-CV funds to reimburse costs paid by subsidized loans and the calculation of total need may not include such costs.

B. Identify Total Assistance Received or Anticipated

- a. Applicants indicate total assistance received or anticipated in the CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form.
- b. Applicants must provide applicable supporting documentation for any sources of funding cited in the total assistance received or anticipated calculation.
- c. The grantee must review and evaluate applicant-provided data regarding total assistance received or anticipated. The grantee must request clarification and/or additional supporting documentation to address any inconsistencies or omissions.
- d. Types of Resources Included in Total Assistance
 - i. Total assistance includes resources such as cash awards, insurance proceeds, grants, and loans received or anticipated by each CDBG–CV applicant, including awards under local, state or federal programs³ and from private or nonprofit charity organizations. “Anticipated” assistance means assistance likely to be received by acting reasonably to evaluate need and the resources available to meet that need.
 - ii. Subsidized Loans

³ For reference, HUD’s guidance document “[CARES Act Programs through SBA, FEMA, IRS, Treasury, USDA, and HHS for CDBG Grantees’ Awareness for Duplication of Benefits](#)” provides a summary of federal CARES Act programs.

- a. Subsidized loans (including forgivable loans) are loans other than private loans. Subsidized loans may also be available from other sources. Subsidized loans are assistance that must be included in the DOB analysis, unless an exception regarding declined or cancelled subsidized loans applies.
 - b. Declined or cancelled subsidized loans are not a duplication and are not included in the DOB analysis.
 - iii. Total assistance does not include personal assets such as money in a checking or savings account (excluding insurance proceeds or disaster assistance deposited into the applicant's account); retirement accounts; credit cards and lines of credit; in-kind donations (although these non-cash contributions known to the grantee reduce total need); and private loans.

C. Exclude Non-Duplicative Assistance

- a. Applicants indicate non-duplicative assistance in the CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form.
- b. The grantee must review and evaluate applicant-provided data regarding non-duplicative assistance. The grantee must request clarification and/or additional supporting documentation to address any inconsistencies or omissions.
- c. Exclude assistance that is:
 - i. Provided for a different purpose.
 - ii. Provided for the same purpose (eligible activity), but for a different, allowable use (cost).

D. Identify DOB Amount and Calculate the Total CDBG–CV Award

- a. After evaluating and verifying applicant-provided data, the grantee must use the Duplication of Benefits Calculation Worksheet⁴ to identify the DOB amount and calculate the total CDBG–CV award.
- b. Steps
 - i. Identify total need
 - ii. Identify total assistance
 - iii. Subtract exclusions from total assistance to determine the amount of the DOB
 - iv. Subtract the amount of the DOB from the amount of the total need to determine the maximum amount of the CDBG–CV award.

• 4 Format provided by AEDC

- c. Considerations
 - i. Apply program cap, if applicable.
- E. Execute Subaward Agreement with facility/applicant
 - a. Include a provision that all additional funds received will be reported to the grantee within 15 calendar days. If the additional funds are determined to be duplicative, the award will be reduced and/or the applicant will be required to repay any disbursed duplicative benefit.
 - b. Include a provision that, one year after the completion of the activity for which funds were awarded, the applicant must report and certify whether additional funds were received for coronavirus-related expenses, the amount, and when funds were received. If additional funds were received that are determined to be duplicative, require repayment.
- F. Reassess Unmet Need When Necessary
 - a. If other resources become available to pay for the costs of an activity, thereby reducing the need for CDBG-CV funding, the grantee must reevaluate the Total Assistance available calculation and adjust the CDBG-CV award accordingly.

Recordkeeping

- A. Policies and Procedures
 - a. A CDBG-CV grantee must incorporate this policy notice into its policies and procedures for implementing CDBG-CV funded activities.
 - b. To implement DOB policies and procedures, grantees must use appropriate forms including but not limited to:
 - i. CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form
 - ii. DOB Calculation worksheet
 - c. Grantees must develop recapture policies and procedures.
 - d. Grantees must identify a method to monitor compliance with the subrogation agreement for one year following the completion of the activity for which funds were awarded and must articulate this method in its written policies and procedures.
- B. Applicant Records
 - a. Grantees must maintain records for each public facility assisted/applicant, including, but not limited to:
 - i. Subaward Agreement

- ii. CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement form
- iii. Documentation of Total Need
 - a. Documentation to verify that the applicant's request is associated with an action to prevent, prepare for, or respond to coronavirus.
 - b. Documentation that costs included in total need are reasonable and necessary.
- iv. Duplication of Benefits Calculation Worksheet that includes:
 - a. Identification of unmet need
 - b. Identification of all sources of assistance provided to applicant
 - c. Identification of those sources that are duplicative (with comments as needed)
 - d. Final award calculation
- v. Supporting documentation for any sources of funding cited by the applicant as assistance received or anticipated.

Oversight and Monitoring

Grantees must monitor compliance with the subrogation agreement for one year following the completion of the activity for which funds were awarded. The city will monitor grantee compliance with DOB requirements as part of the grant closeout process and will provide technical assistance to help rectify any instances of DOB miscalculation.

Time of Performance and Procedure to Determine Timely Expenditures

CDBG-CV grantees must expend all CDBG-CV funds (including CDBG-CV funds from additional allocations that are obligated by HUD through amendments to the grant agreement) within the 6-year period of performance established by the CDBG-CV grant agreement. HUD is imposing this period of performance to ensure the use of CDBG-CV funds to prevent, prepare for, and respond to coronavirus. The CDBG regulations at 24 CFR 570.200(k) and 24 CFR 570.480(h) permit HUD to establish a period for expenditure and performance in a grant agreement that is shorter than the normal 8-year period. HUD is exercising its authority to establish a 6-year period of performance and expenditure deadline in the CDBG-CV grant agreement. Grant funds are not available for expenditure after the period of performance. In addition, to further ensure the expedited use of the funds, HUD is imposing an alternative requirement that each grantee must expend at least 80 percent of all CDBG-CV funds (including CDBG-CV funds from additional allocations that are obligated by HUD through amendments to the grant agreement) no later than the end of the third year of the period of performance established by the CDBG-CV grant agreement. If this three-year requirement is not met, and evidence meeting the criteria for

extension described in section III.B.7.(c) below is not provided, an amount equivalent to the difference between the total amount expended at the end of the third year and 80 percent of all CDBG-CV funds will be recaptured from the CDBG-CV grant.

To ensure that timeliness requirements are met, it will be policy that all projects funded under CDBG-CV must be able to be completed within three (3) years.

Post Award Requirements

Each eligible application must also comply with any necessary post award requirements as appropriate. These requirements include: Environmental Review; Davis-Bacon compliance; Acquisition/Relocation; Anti-Displacement; Equal Opportunity/Fair Housing, Handicap Accessibility, etc.

Duplication of Benefits Acknowledgment Form

In accordance with the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136) (CARES Act), the U.S. Department of Housing and Urban Development (HUD) allocated Community Development Block Grant coronavirus response (CDBG-CV) funds to the State of Arkansas to prevent, prepare for, and respond to coronavirus.

HUD requires each grantee to have procedures in place to prevent the duplication of benefits when it provides financial assistance with CDBG-CV funds. Grant funds may not be used to pay for a cost if another source of financial assistance is available to pay for the same cost.

This acknowledgment must be completed by any local government applicant, and public facility owner/operator or subrecipient intended to receive grant funds at the time of application. Any public facility, subrecipient, individual or family, business, direct beneficiary, or other entity that receives assistance will also be required to complete a **Duplication of Benefits Certification** after grant funds are awarded to document compliance with the CARES Act requirement to ensure that there are adequate procedures in place to prevent any duplication of benefits. Duplicate funds may include The Paycheck Protection Program, Treasury Funds (CARES Act), Federal Emergency Management Agency funds, Small Business Administration funds, and other Federal, State or local funding.

Applicant Name: _____

Have you received any other federal funding to provide coronavirus response assistance to this same project (person, household, business, or other entity) for the same purpose?

- Yes (*if yes, do not continue with this application*)
- Yes, but funds are not adequate to cover the project cost and a gap has been identified
- No

Have you used the **Duplication of Benefits Calculation Worksheet** to identify the Local Government's or Subrecipient's Total Need and Total Assistance Available, in accordance with the DOB policy, and used this calculation to determine the request for grant funds in this application? You must maintain this documentation in your grant files.

- Yes
- No

Do you agree to monitor compliance with the **Subrogation Agreement** for one year following the completion of the activity for which funds were awarded?

- Yes
- No

Do you agree to repay funds if it is determined that assistance has been duplicated for this grantee, applicant, subrecipient, individual, business, or other entity?

- Yes
- No

CDBG-CV Applicant Duplication of Benefits Statement, Certification, and Subrogation Agreement

In accordance with the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136) (CARES Act), the U.S. Department of Housing and Urban Development (HUD) allocated Community Development Block Grant coronavirus response (CDBG-CV) funds to the State of Arkansas to prevent, prepare for, and respond to coronavirus. Recipients of CDBG-CV funds must implement procedures to prevent any Duplication of Benefits (DOB) as required by section 312 of the Stafford Act, as amended by section 1210 of the Disaster Recovery Reform Act of 2018 (division D of Public Law 115–254; 42 U.S.C. 5121 et seq.). With this form, an applicant for CDBG-CV assistance 1) outlines the costs associated with a proposed coronavirus-related activity; 2) identifies other assistance received or anticipated for the activity; 3) states the CDBG-CV funding request; 4) certifies the accuracy of the information; and 5) agrees to repay any awarded CDBG-CV assistance that is duplicated.

Applicant Name	
Proposed Activity ⁵	
Total Need ⁶	
Total Assistance Received or Anticipated for Proposed Activity ⁷	
Total of Non-Duplicative Assistance ⁸	
Total Duplication of Benefits (DOB) ⁹	
CDBG-CV funding request ¹⁰	

5 Activity must be associated with an action to prevent, prepare for, or respond to coronavirus.

6 “Total Need” is the total activity cost. All costs included in total need must be reasonable and necessary. Applicant must provide applicable supporting documentation.

7 Not including CDBG-CV. “Assistance” includes resources such as cash awards, insurance proceeds, grants, and loans received or anticipated by the CDBG–CV applicant, including awards under local, state or federal programs, and from private or nonprofit charity organizations. “Anticipated” assistance means assistance likely to be received by acting reasonably to evaluate need and the resources available to meet that need. Applicant must provide applicable supporting documentation for any source of funding cited in the total assistance calculation. For reference, HUD’s guidance document [“CARES Act Programs through SBA, FEMA, IRS, Treasury, USDA, and HHS for CDBG Grantees’ Awareness for Duplication of Benefits”](#) provides a summary of federal CARES Act programs.

8 Assistance is non-duplicative if it is 1) provided for a different purpose; or 2) Provided for the same purpose (eligible activity), but for a different, allowable use (cost).

9 Total DOB equals “Total Assistance Received or Anticipated for Proposed Activity” minus “Total of Non-Duplicative Assistance.”

10 The CDBG-CV funding request may not exceed the “Total Activity Cost” minus the “Total Duplication of Benefits (DOB).”
